

## Student Success Plan

A Student Success Plan is one component of the Career Connections K-12 Framework. This outline provides an example of the supports, services, tools and activities that comprise a comprehensive career development experience for students. It can serve as a model for staff when developing Student Success Plans with students. Note that this outline is not exhaustive and other curricula and services are required. Individual student readiness should be considered when determining the most appropriate age or grade for each respective component of this outline. Leveraging an online career planning tool to document activities and experiences, such as OhioMeansJobs K-12, is highly recommended.

Begin your career planning by responding to the statements below. Since your career goals may change over time, you should revisit and update this form each year. This document is a tool to help you identify career and educational goals. It will not guarantee employment in a specific job and allows you to change your mind as you learn about various career fields and jobs. After you complete this form, go on to the Academic Pathway Plan to map your courses from grades 8-12.

After high school, I plan to:

- Work full time
- Work part time and attend school
- Attend a two- or four-year postsecondary institution full time
- Attend technical school full time
- Enter the military as a career

## Academic Pathway Plan

Begin your course planning by identifying your chosen career cluster. You should review your courses annually and make changes and updates as needed. This form will help you decide on the most appropriate educational options to help you reach your career pathway goals. You should use your school's course catalog to determine which courses are offered by your school and career-technical center. Be sure to talk with your parent/guardian and teacher/school counselor to help you make final decisions.
