## **AUTHORIZED BY**

As required by state law, Richland Academy of the Arts (RAA) provides oversight, monitoring and technical assistance to the schools it sponsors including evaluating the academic, fiscal and organizational performance in various ways. In addition to assessing academic performance as measured by state report card metrics, RAA reviews various academic progress and financial reports, attends board meetings, assesses compliance with state and federal rules and laws, and conducts school site visits.

State law also requires RAA to submit written reports on the evaluation of school academic, financial and organizational performance, and legal compliance, to the Ohio Department of Education annually by November 30. The report is also available for review by parents and other stakeholders on and after that date on RAA's website: [www.richlandacademy.com](http://www.richlandacademy.com).
